FLAMES WHICH DESTROY ATHLETIC CLUB BRING DEATH TO THIRTY FIVE

Fire Destroys Missouri A. C. In St. Louis And Many Are Missing

RECOVER SEVEN BODIES

Only Seven Bodies Recovered, But Fireman Search Ruins with Aid of Search Lights for More

CAUSE OF FIRE IS MYSTERY

ST. LOUIS, March 9.—That from thirty to thirty five guests of the Missouri Athletic Club perished in the flames that destroyed the building this morning is the belief of officers of the club tonight. Seven bodies have been recovered and from 23 to 28 occupants of the structure are still unaccounted for. At sundown tonight firemen continued the search for bodies in the smouldering ruins under the glare of searchlights.

Fire Chief Swingley expects to pump the water from the blackened pit before morning, revealing the full extent of the tragedy.

The Known Dead.

Kessler, Edwin C., 37, St. Louis, cashier Ludlow-Saylor Wire company, killed in jumping from sixth floor.

William J. Kinser, treasurer Kinser Construction company, St. Louis.

Much difficulty was experienced in trying to identify the recovered bodies of the dead and some bodies were identified under two or three different names. The blaze was the fourth serious fire in the downtown district of St. Louis in eight days and the most serious as to fatalities of any fire in the city's history.

This blaze which started at 1:50 a. m., Monday completely wrecked the seven story building occupied jointly by the Missouri Athletic club and by the Boatmens' Bank, caused a property loss estimated at $466,000 and by destroying the list of entries and other club records forced the abandonment of the intercollegiate track meet that was to have been held in St. Louis under the auspices of the club next Saturday night.

Cause Still a Mystery.

The cause of the fire still was a mystery tonight.

Reports that the blaze was accompanied by a terrific explosion indicating that the fire was due to efforts of bank robbers trying to dynamite into the Boatmens' Bank were unconfirmed.

Reports of explosions were denied by the night watchman of the bank, who turned in the first alarm of fire, and the explanation was given that terrific reports heard by the assistant fire chief might have been due to the falling elevators when their cables broke. In the vaults of the Boatmens' Bank, which occupied part of the first floor of the building were more than $1,300,000 in currency and more than $20,000 in coin. The vault's were unharmed by the fire, the bank officials reported and the money is intact. The bank, one of the oldest in St. Louis, opened at the usual hour this morning in temporary quarters a few blocks away. The St. Louis Clearing House association offered to advance the Boatmens' Bank any cash necessary for the immediate transaction of business. The number of guests who had rooms in the club house either permanently or for the night was about one hundred. Many of these escaped, some checked out before the fire, other, it is thought, were not in the building when the blaze broke out, somewhere injured in leaving the burning building and the rest are listed among the dead or unaccounted for.

Woman Discovers Blaze.

The fire which was discovered by a woman who was waiting in the club lobby for her escort, Ludwig Eisemann of New Orleans and who saw the reflection of the flames in the plate glass windows across the street swept rapidly through the building. Though the alarm was sounded soon after the fire was discovered when the first fire company arrived, the building was a mass of flames.

Men in their night clothes were jumping from the windows of the fifth and sixth floors when the private rooms were located; others were standing on window sills calling for help and others were clamboring down the three fire escapes.

Awaken Thirty Eight Guests.

Thirty eight guests on the fifth floor were awakened by Mr. and Mrs. Robert Magill who refused to leave the building until they had given the alarm to all within reach. Mr. Magill was house manager of the club. Mrs. Magill was badly burned before she escaped from the building. Dramatic escapes were numerous. One of the most spectacular was that of twelve or thirteen men who descended from a fifth floor window to the roof of an adjoining four story building by means of an improvised rope made out of two sheets. One guest escaped by leaping over a chasm ten feet wide and six stories deep to the roof of an adjoining building. While the firemen were fighting the blaze from the Fourth street side the wall facing that street collapsed from the fourth floor up. The firemen fell back rapidly against the wall of a building across the street and escaped the falling bricks by only two or three feet. One fireman was hit and his leg was broken. Sections of the east wall fell from time to time throughout the way further increasing difficulty of the firemen in getting the blaze under control.

Thousands of spectators crowded the streets leading to the burning building but were held back from the ruins by the police. Hundreds visited the morgue in an attempt to identify the bodies which were taken there as fast as recovered from the ruins.

Two of the traction lines of the city were blocked by the fire apparatus, necessitating a re-routing of hundreds of cars.

YOUNG BALDWIN OUTPOINTS DISTILLERY TOWN FIGHTER

Jacksonville Boy Has Best of Springfield Go With Jack Quyg—Baldwin Dislocates Thumb.

Springfield, Ill., March 9—(Special to Journal—Young Baldwin of Jacksonville outpointed Quyg of Peoria tonight in ten rounds of fast fighting. Twice during the fight, once in the fiurth and again in the eighth, Quyg was dazed from right swings to the jaw.

Time and again Quyg tried to get inside of the clever little Jacksonville boy's guard, but without success and each fast rally terminated with Baldwin having the situation easily in hand.

Baldwin opened the first round with repeated left jabs to the face to which Quyg tried to retaliate with right upper-cuts to the head. Baldwin could not be reach along these lines and the left jabs kept Quyg's right doing guard duty for nearly all of the balance of the fight.

In the fourth round Quyg started a series of rushes and drove Baldwin to the ropes only to receive a wicked left in the stomach, followed by a right tothe jaw. This took practically all of the steam out of the Peoria lad and for the balance of the fight it was soft sailing for Baldwin.

Content with his lead Baldwin plodded along showing flashes of good form when necessity required. At the beginning of the eighth round, Baldwin came from his corner and started matters with a rush. Repeated left jabs to the head confused his opponent and after thirty seconds of fighting he connected a right and left to Quyg's jaw and cinched matters as far as he was concerned.

It was the old story of a clever veteran easily outclassing a willing and rugged boy with two good hands but a lack of knowledge of the game. Quyg had the crowd with him but only three times during the ten rounds did he land clean blows of any account on Baldwin.

Baldwin Dislocates Thumb.

Baldwin dislocated the thumb of his right hand in the third round but was too game to quit and the audience was unaware of the fact that he had been injured.

Baldwin had the better of the first, third, sixth, seventh, ninth and tenth rounds while Quyg excelled in but one round, the second. The fourth, fifth and eighth rounds were even.

According to an agreement between the fighters, no decision was given by the referee as both fighters were on their feet at the end of the eighth round.

Baldwin's understanding was that the fight was to be a "clean-break" affair but after a few minutes of fighting he learned that he was in a "hit-in-clinch" battle, which handicapped him slightly in second round.

It was announced that Jack Walsh of Springfield would meet the winner of the Quyg-Baldwin go the latter part of his month and Quyg's manager wants his man to have another chance at Baldwin.

Will Enforce State Law.

Springfield, Ills., March 9.—Relative to the Decatur indictments noiled in Macon county today, State Insurance Superintendent Rufus Potts tonight said:

"There was neither warrant in law nor justification in fact for the indictment of Lucius Pfouts, my chief examiner, nor myself at Decatur, on the charge of conspiracy to destroy the Assureds' National Mutual Fire Insurance company.

"The insurance laws of this state will be enforced so far as it is within the power of this office to do so. Neither intimidation nor attacks by any company will prevent the insurance superintendent from doing his duty.

"Mr. Pfouts has been chief examiner for this department for over sixteen years and his reputation for integrity and ability is acknowledged by all honest companies with whom he has been brought in contact. This attack upon him was as unjustifiable as it was cowardly and there was not the slightest foundation for an indictment against him. In making his examination of the Decatur company, Mr. Pfouts was assisted by three other examiners who joined with him in his report, and that report lays bare corruption in that company which made action upon the part of the insurance superintendent imperative.

"Failure to act against that company after the receipt of the examiners' report would have been violating my oath of office and the law."

HELEN KELLAR HEARS.

Los Angeles, Cal., March 9.—Helen Kellar the deaf and blind young woman, announced today that she firmly believed she had at last heard a sound—the high note of a singer, Minnie Saltzman Stevens, who sang for her several times. Until yesterday, Miss Kellar said she was not certain that the vibrations of the singer's voice had made an impression on her dormant ear drums, but that after a series of experiments ending last night she was convinced that she could hear.

WOMAN PLEADS GUILTY.

Danville, Ill., March 9.—Mrs. Emma Burkett pleaded guilty in the federal court today to the fraudulent use of the mails in conducting a matrimonial agency. Mrs. Burkett is married and previous to arrest was teacher of a large Sunday school class in a local church. She was sentenced to two months in jail.

INDICTMENTS ARE STRICKEN FROM DOCKET

NO EVIDENCE TO SUBSTANTIATE CHARGES AGAINST RUFUS M. POTTS

Superintendent of Insurance and Lucius Pfoutz Charged With Conspiracy Are Cleared by Motion of States Attorney in Macon County Circuit Court.

Decatur, Ill., March 9.—Indictments charging Rufus M. Potts and Lucjus Pfoutz with conspiracy in seeking to use their official positions as state superintendent of insurance and state inspector respectively, to harm the Assured Mutual Fire Insurance company of Decatur were stricken from the docket in the Macon county circuit court this afternoon on motion of State's Attorney J. L. Deck. In making the motion Attorney Deck told Judge Johns that he had heard the evidences before the grand jury on which the indictment was based and that it was not sufficient to convict.

Supt. Potts and his attorney had early in the day secured the transfer of the case from the county to the circuit court.

The indictment grew out of an investigation of the local concern of which Percy B. Sullivan was the head. A change of venue to the Sangamon county circuit court has been granted the defendant in the proceedings instituted here by the state insurance department to prevent the company from doing business in the state and will be heard here Saturday, March 28th.

AFTER HARD BATTLE POLICE CAPTURE MRS. PANKHURST

Leader of Militants Is Arrested by London Police—Scores Hurt in Fierce Fight.

Glasgow, March 9.—Mrs. Emmeline Pankhurst, leader of the militant suffragettes, was arrested at a suffragette meeting in St. Andrew's hall after a fierce fight with the police in which a score of women were hurt and several constables badly bruised. Mrs. Pankhurst had just declared that women had ample justification for fighting for their rights, when a large force of police dashed into the hall.

In anticipation of trouble the suffragettes had stretched barbed wire across the platform. The wire was concealed by floral decorations and proved efficacious with the aid of masculine supporters of the suffragettes using flower pots, chairs and anything they could lay their hands on as missiles, in holding back the police for a few minutes. A number of women produced clubs from under their cloaks and used them vigorously against the attacking party. In the midst of the fighting several blank cartridge pistols were fired and miniature bombs exploded. Many women fainted. The police succeeded in seizing Mrs. Pankhurst and dragging her off the platform and through the hall to the street. Here a desperate effort was made to rescue her as the police forced her into a taxicab and drove away to the police station.

SPARKS FROM THE WIRE

MOBERLY, MO., March 9.—The Wabash car shops burned here today, entailing a loss of nearly $200,000. An explosion of a passenger coach was responsible for the fire. Four hundred men were thrown out of employment by the fire.

BLOOMINGTON, Ills., March 9.—The frozen body of Patrick Dilton, who disappeared February 22nd was found today by interurban linemen about ten miles west of this city.

CHICAGO, March 9.—Mrs. Emma J. Lasco who celebrated her 100th birthday last Wednesday, died here today. Mrs. Lasco was born in Glasgow, Scotland, in 1814.

SPRINGFIELD, Ill., March 9.—Secretary of State Harry Woods today personally secured a warrant for the arrest of G. W. Welch, who is charged with driving an automobile carrying a last year's license tag.

JURY FINDS THAT OAK PARK MAN WAS KILLED BY TRAIN

Coroners Jury Returns Verdict in Death of Casias M. Fairman.

Chicago, March 9.—Casias M. Fairman, the Oak Park business man whose body was found on the Chicago & Northwestern railroad tracks a week ago was killed by the train, according to the verdict of the coroner's jury which conducted the inquest into his death today.

The police accepted a theory at the request that Fairman had known and visited a woman in Oak Park after announcing she had left for Omaha. Railroad officials expressed their belief that Fairman was dead before placed on the tracks.

The evidence of those who discovered the body showed that the body was nude when it was found and that vest, overcoat, underwear were found some 300 feet from the body.

The suit case and railroad ticket which it was supposed Fairman had purchased have not yet been found.

DISCUSS VAMPIRE SYSTEM BY WHICH WAITERS ARE HIRED

Waiters Must Keep Paying Head Waiters in Order to Hold Their Jobs—Make Most off Tips.

Chicago, Ills., March 9.—A waitress who works three hours a day and gets a salary of $3.50 a week will make an average of $15 to $18 a week with the help of her tips, it was testified today in the court proceedings concerning the attempted boycott of a downtown restaurant by members of the Waitresses' union.

The vampire system by which the waiters are hired by the head waiters and cooks by the chef was discussed. Waiters must keep paying the head waiters in order to hold their jobs, it was said, but the system was declared to be firmly established.

The restaurant keeper is seeking an injunction to prevent waitresses from picketing in front of his place.

Miss Ellen Gay Starr, one of the founders of Hull House, who was arrested charged with disorderly conduct in connection with the picketing told why she had joined the girls who were walking up and down in front of the restaurant.

"I had two purposes," she said, "to accompany the girls and protest against any unfair treatment they might receive and my interest in helping the working people of the city."

Mayor Harrison to whom a committee of one hundred merchants and business men appealed in their effort to have the boycott stopped, said the trouble was not a labor question but a development of the woman question.

SEN. SHERMAN LAUNCHES CAMPAIGN FOR RE-ELECTION

Senator Holds Two Meetings in Chicago and Secures Endorsement of Swedish-American Republican League.

Chicago, March 9.—Senator Lawrence Y. Sherman's campaign for re-election was formally launched today with two meetings and the endorsement of the Swedish-American Republican league of Illinois. In addition to pledging the support of the organization to the junior senator from Illinois the league decried the division that brought disaster in 1912, called all Republicans to bury their past differences, denounced the Democratic administration's stand on the tariff and attacked the state administration for its alleged failure to carry out the platform pledge of economy. In both speeches today Senator Sherman set forth his platform as follows:

"Opposition to the Democratic tariff.

"Amalgamation of the Republican and Progressive rank and file without regard to leaders.

"Complete entranchisement of women.

"Unalterably opposed to repudiation of treaty provisions with Great Britain as to Paama canal tolls."

NEW POWDER EXPLODES 12 INCH GUN AT SANDY HOOK

NEW YORK, March 9.—Unable to withstand the energy of a new powder a 12-inch gun at the Sandy Hook proving grounds exploded today, sending its 2,000 pound breech block through a thick concrete wall while parts of the barrel were hurled a half mile out to sea. Lieutenant Charles Pendleton, who, with eighteen men, had taken cover in a shelter trench of which the concrete wall was a part, sustained slight cuts about the leg when he was struck by a fragment of steel. Several of the men were thrown from a platform on which they were standing, but escaped injury.

STATE AND WAR DEPARTMENT BUSY INVESTIGATING REMOVAL OF BODY

U. S. Authorities Seek Information Regarding Recovery of Vergara's Body

GOV. COLQUITT WILL AID

Texas Executive Declares All Information Open to President and the U. S. Authorities

DETAILED REPORT MADE PUBLIC

WASHINGTON, March 9.—Two departments of the United States government are engaged in seeking information as to the circumstances under which the body of Clemente Vergara, an American horse dealer, supposed to have been killed by Mexican federal soldiers near Hidalgo, Mexico, was found on the American side of the Rio Grande early Sunday morning. A brief telegram to the state department today from American Consul Garrett at Nuevo Laredo, Mex., informed the state department that the body had been found and that details would be reported by mail. No mention was made of press reports that Texas rangers crossed the border Saturday night and brought the body back, reporting their action to Governor Colquitt. This slow process did not satisfy Secretary Bryan who promptly wired the consul to make his report by telegraph and this is now being awaited.

Meanwhile the war department had become interested and Secretary Garrison called upon General Bliss at El Paso for information. This brought the following report by wire from that officer:

"Investigation Vergara affair being made. Will report as soon as facts are learned. Thus far nothing known here except as published in press. Affair occurred about 35 miles above Laredo at a place near no railroad or telegraph line."

Consul Letcher so far has made no report to the state department upon the case of Snyman, the former Boer general and British ranch owner who is asking protection for his property through the United States government. Also it was said that nothing had been heard of Gustav Bauch, the American who disappeared from Juarez several weeks ago.

Directed to View Body.

Austin, Texas, March 9.—Preliminary to an official investigation of the slaying in Mexico of Clemente Vergara, the American ranchman, and the mysterious return of the body early Sunday to the United States, Governor Colquitt of Texas, late today directed Adjutant General Henry Hutchings to proceed to Laredo immediately to view the body. Governor Colquitt declared all information would be at the disposal of President Wilson and the United States authorities if requested. Capt. J. J. Sanders, commander of Texas rangers in the Laredo district, late today telegraphed a detailed report of the incident to Governor Colquitt who made it public. The report failed to establish the identity of those who recovered the body and failed to explain Captain Sanders' own telegram that he "proceeded to Hidalgo, Mexico, and recovered the body."

Captain Sanders was quoted from Laredo yesterday as saying that he and Consul Garrett of Nuevo Laredo went to the spot where the body was found because they had been told it would be delivered at a certain place at 3:30 a. m. Sunday morning. Who told them neither the ranger captain nor consul will say.

Captain Sanders' Report.

Captain Sanders' report in part reads:

"Vergara's body was brought across the river on a stretcher about 3:30 a. m. Sunday, March 8, 1914, and deposited on the bank on this side about four miles down the river from Palafox. This was the first time I saw the body. I do not know who exhumed it. I turned the body over to Vergara's relatives, who were on the river and took it to Laredo and put it in an undertaking establishment. I do not know that anyone held an inquest or that any medical examination of the remains had been made. There were two bullet holes in the head and one hand was burned to a crisp and the head looked like it had been crushed.

Hidalgo, where the remains originally were interred, is just south of and in sight of Palafox on the bank of the river."

MUST TAKE EXAMINATION.

Springfield, Ills., March 9.—The state civil service commission has ordered that all employes of the Chicago office of Secretary of State Harry Woods, with the exception of the examiner of chauffeurs shall take a civil service examination. Miss Nona Woods, daughter of the Secretary of State is included in the list. This is the latest development in the struggle between Secretary Woods and the state civil service commission.

DEPUTY SHERIFFS DRIVE ARMY OF UNEMPLOYED OUT OF SACRAMENTO

One Thousand Members of Army Are Forcibly Ejected From the City After Hard Fight.

Sacramento, Cal., March 9.—One thousand members of the unemployed armies who have held Sacramento in terror for the past 48 hours were driven from the city by 500 armed deputy sheriffs tonight. Shivering with cold from a drenching given them by the city fire department and swearing vengeance on Sacramento because of a forcible ejection, the armies are now encamped in Yolo county between this city and Broderick. Several hundred armed deputies are preventing either the retreat or advance of the men.

The unemployed were driven off the Southern Pacific right-of-way by officials armed with pick handles and clubs. They at first refused to go, but several streams of water played upon them by the firemen started a mad retreat. In fleeing through Second street the unemployed attacked cars, hurling rocks and sticks through shop windows and forcing passengers to take refuge on the car floors.

At every cross street the armies which had become a leaderless mob threw up barricades and battled with the police and deputy sheriffs until dislodged by the firemen. Stores and saloons were wrecked and traffic stopped until the rioters were herded over the M street bridge into Yolo county.

Appeals to Governor Johnson to call out the militia were unsuccessful, the governor placing everything in the hands of Adjutant General Forbes, who directed the battle.

With nineteen of the army's officers, including "General" Kelly, in jail, charged with vagrancy, many of its members in the hospitals and jails with broken heads and the remnant encamped on the plain overlooking the city, the march to Washington has been abandoned, it was declared.

Calls for Volunteers.

Sheriff Apen and Chief of Police Johnson issued a call to citizens tonight for voluntees as deputy sheriffs. The streets of the city were patrolled by 300 special deputized citizens in addition to the regular police force.

A cordon of special state police was thrown about the state capitol building and grounds today and entrance to the state house could be gained through only the front doors. Two watchmen stood at the door of Governor Johnson's office and two more guarded the state treasury which contains more than $2,000,000 in coin.

Orders were issued tonight by the sheriff's office to merchants to remove fire arms from the display windows on the streets.

Food in small quantities was sent into the camp across the river by charitably disposed persons at nightfall.

Yolo county has organized a citizens' posse of 100 armed with rifles and will prevent any attempted invasion of Woodland or Davisville.

Prevent Invasion of Church.

New York, March 9.—The police were again called upon tonight to prevent the invasion of a church by members of the "army of unemployed," headed by leaders of the Industrial Workers of the World through the intervention of the officers a crowd of two hundred men who had marched to All Saints Protestant Episcopal church on the east side was prevented from entering the edifice.

Among those who met in Rutgers' square tonight was Miss Alberta Hill, who is said to have acted formerly as secretary to Woodrow Wilson. Miss Hill questioned several of the leaders of the crowd, saying she decided to discover at first hand the purposes of the unemployed movement as she is interested in trying to aid men and women who are out of work.

One hundred and one of the 190 who followed Frank Tannenbaum, the young Industrial Worker of the World, into a Catholic church last Wednesday night, demanding food and shelter, pleaded guilty today and were set at liberty on suspension of sentence. Twelve pleaded not guilty. They were quickly convicted and remanded for sentence tomorrow. Only one pleaded not guilty and obtained his discharge. The charge in all of the 114 cases was disorderly conduct.

Number Being Lessened.

Milwaukee, Wis., March 9.—The army of unemployed in Milwaukee is only 7,652, according to statistics gathered by the police departmemnt and this number is being lessened daily.

INVESTIGATIONS COSTLY.

Washington, March 9.—Investigations of the Pere Marquette railroad and the Chicago, Rock Island and Pacific as proposed by resolutions pending in the house would cost, according to estimates today by the interstate-commerce commission between $60,000 and $75,000.

HOLD SCHOOL ELECTION.

Burlington, Iowa, March 9.—The school election today resulted in the choice of C. C. Clark and S. P. Gilbert.

A. F. Schick, Socialist, ran 800 behind Clark, who received 1,700 votes.

A spirited campaign for school treasurer resulted in the election of L. C. Walbridge and F. W. Brooks.

A WAY OUT

A Resident of Jacksonville Shows The Way.

There's one effective way to relieve kidney backache.

Liniment and plasters may relieve it;

But they seldom reach the cause.

Backache is cause to suspect the kidneys.

Jacksonville people back them up. Read a case of it.

J. B. Seaver, blacksmith, 346 E. North street, Jacksonville, Ill., says: "I have used Doan's Kidney Pills with fine results and I am pleased to recommend them. I had pains in the small of my back, especially when I tried to straighten, after stooping. I used Doan's Kidney Pills and they stopped the pains. They also regulated the action of my kidneys."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask **distinctly** for **Doan's Kidney Pills**, the same that Mr. Seaver had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

BOARD OF EDUCATION TAKES ACTION MONDAY NIGHT.

Will Investigate Complaints Against Art and Singing Teachers Tonight —Matter of Heating Eighth Grade Building Will Be Taken Up Monday.

At an adjourned meeting of the Board of Education held Monday night it was decided to drop all pupils in the high school who have not paid their tuition, unless a certified check for the amount of the tuition is deposited with the treasurer of the board, to be used by him as payment for the tuition May 1, 1914, unless it is otherwise paid before that time. Matters regarding the heating of the new eighth grade school building were discussed and it will be investigated and taken up at a meeting Monday, March 16.

Complaints regarding art and singing instruction will be investigated at an adjourned meeting tonight at 7:30 o'clock.

As President Davis and Clerk Pyatt were absent from the city, Member Hall was made chairman of the meeting on motion of Member Rogerson, seconded by Mr. Wells. A motion was also passed that Principal C. E. Collins of the high school act as clerk of the session.

The first matter to receive consideration was a petition from fifty pupils of the high school asking for permission to dance in the school building, under the supervision of a member of the faculty. The communication was received and placed on file.

A communication from C. W. Buckingham, architect for the new eighth grade building was read. Mr. Buckingham's communication said he wished to make clear his position on the heating of the new structure. He stated that according to the heating specifications for the building, the Jacksonville Plumbing & Heating company, submitted a plan for the heating of the building for his approval, that an examination of the plan showed a complete lack of comprehension of the scope of the work to be done, that the mains are wholly inadequate for a building of this size and if followed according to the ideas of the contractors it must result in a plant that would fail to heat the building. He stated that in accordance with the provision of the clause which provides that if the plan did not meet with the approval of the architect, he should make a plan, he drew plans for the heating apparatus, which the company was not agreeable to take. He advised the board to make no changes in the plans and specifications, to make a contract with the company for a one pipe system upon a basis of their bid and the plan he has made and that later a vacuum system can be installed under a separate contract. In conclusion the communication stated that the best way to avoid the possibilities of having trouble with the heating plant is to reject the bids and advertise over again as the architect does not believe that they wish to comply with the specifications. He stated that "As your architect for the building it is my plain duty to make every contractor live up to his contract and I do not propose to make any deviation from the specifications that will cause any legal complications or impair the usefuless of the building, and hope that you will cooperate with me."

Mr. Buckingham was present at the meeting, as were two representatives of the heating company and quite a little discussion was resultant from the communication. The matter was referred to the building committee to be taken up in a few days.

An unsigned communication from G. A. Sieber, regarding wiring of the building, not provided for in the plans, was also referred to the building committee.

A letter regarding a leader for the high school band from Principal Collins, was read and referred to the high school committee with power to act. Mr. Collins, in the communication, suggested that Fred Goodrick be secured for the position, as he could give two rehearsals a week and conduct the band on such accasions as it appeared to play, and also suggested that he be secured to conduct the high school orchestra.

Two communications from the Jacksonville Plumbing and Heating company were referred to the building committee to be taken up at an adjourned meeting to be held Monday, March 16, and in this motion Member Wells included consideration of the plumbing matter. One of them asked for $350 in addition to their contract, for the installation of a vacuum system, and the other for $250 in addition to their contract, to arrange the heating so that the gymnasium, assembly hall, or class rooms can be shut off without interfering with other parts of the building.

Superintendent Gore brought up the matter of the collection of tuition from pupils in the high school who reside outside the city. He said that a state law provides that the tuition be paid by the school district and that while some districts had approved the law, others were opposed to it. He stated that a number of directors, probably half those in the county, had formed an association and collected money to test the law in the courts. He further stated that he had a communication from a man stating that the matter of such a suit was a farce, and that the case has never been started. Mr. Gore said that he did not drop the pupils Monday so that he could bring the matter before the board and told that there are five pupils from the last semester who haven't paid, and that in every case the directors had signed papers agreeing to pay the tuition.

Harry Kitner, a director from district 85 said that it was the intention of the organization to have someone start a friendly suit and the money had been collected to pay for both sides. He aid that several had talked of instituting a test suit, but no one had started one, and that the directors are as anxious to have the matter settled, as are the members of the board. He said that his district was just on the edge of the city where a large number live, and that theh law will eventually lead a large number to move there, if declared constitutional, and would finally result in breaking up the country schools.

A motion that the superintendent of schools be instructed to send all pupils home, who have not paid their tuition in full, unless they immediately deposited a certified check with the treasurer of the school board, to be used by him as a full payment of said tuition on May 1, 1914, unless otherwise paid before that time, was carried.

Member Wells said that there had been a great deal of street complaint regarding the art and singing instruction in the schools. He said that he had heard that the singing teacher had been instructing classes outside of the school and that the time for art instruction had been cut down. He said that he had not investigated the matter on account of lack of time and it was decided that the matter should be taken up at a meeting at 7:30 o'clock tonight, and adjournment was taken until that time.

You are missing something good in vaudeville if you fail to hear the Harmony Kings at the Grand Opera house. One of those guaranteed attractions.

"OUR BIRTHDAYS.

Under the heading above given Saturday's Inter-Ocean had the following:

David Allan Noyes, grain and stock broker, was born at La Porte, Ind., March 7, 1867 educated; in the public schools at Evanston, Ill.; entered the grain business in 1886 and has continued in it ever since; is a member of the firm of Noyes & Jackson; belongs to the Chicago board of trade and the stock exchange; is a Republican; is a member of the Chicago Union and other clubs.

David suggests David A. Smith-Allan means Mrs. Smith, and Noyes speaks for the Rev. George E. Noyes, D. D., of the class of 1855, Illinois college. That's the genealogy.

HIGH SCHOOL GIRLS TO SELL DOUGHNUTS.

In the spacious window of the Taylor grocery on West State street today members of one of Miss Baldwin's classes in home economics at high school will be seen frying doughnuts. The young ladies will use Crisco in the preparation of these good things and the other materials will be of equally high quality. An all steel kitchen cabinet from Andre & Andre's is part of the window equipment and it goes without saying that the girls will present a pretty picture today and that patronage will be liberal. The proceeds will go to the und o the high school athletic association.

VAUDEVILLE AT THE GRAND

A large audience was present at the Grand last night and it was a well pleased audience at that. The vaudeville which Manager Boyd is presenting is of very high class and supplemented by moving pictures makes an entertainment of real merit. The three Harmony Kings give an act of great musical excellence, their varied program being of the kind which will delight any audience. John Bunny, the second has a basso voice of wonderful power and range and his work is such as to entitle him to rank almost equal to his illustrious predecessor of the same name. There are other features too and the program is well worth seeing tonight.

DATE WAS WRONG.

The time of the Blind Boone concert at Grace church as mentioned in Sunday's Journal should have been Thursday evening, March 12, instead of Wednesday evening.

MATRIMONIAL

Hembrough-Jackson.

A quiet ceremony took place at the Centenary parsonage Monday evening at 8:30 when Mr. James Hembrough of the Asbury neighborhood and Miss Flora E. Jackson of 832 South Clay avenue were united in marriage. There ceremony was said by the Rev. G. W. Flagge, pastor of the church, in the presence only of a few relatives.

The groom is the eldest son of Mr. and Mrs. James R. Hembrough and was born and reared in the Asbury neighborhood. He was graduated from the Jacksonville high school and attended Brown's Business college. A young man of sterling character and industrious habits, he is favorably known by a wide circle of friends and will receive congratulations on every hand. He has been an active member of Central Christian church.

The bride is the younger daughter of the late Edwin D. Jackson who has resided on South Clay avenue for the past seventeen years. She attended the high school and especially excelled in music, a talent which she has always used to good purpose. She is a young woman of charming disposition and Christian character and has been an active worker in Centenary church and Sunday School.

Immediately afteh the ceremony the bride and groom left over the Wabash for Chicago and other northern points. They expect to be gone a week. After April 1, they will be at home to their friends on a farm south east of the city, already prepared for their occupancy by the groom.

Nelson-Roberts.

William Roberts of Pearl, Ill., and Mrs. Cynthia Nelson, formerly of Seattle, Wash., were married Saturday afternoon at the home of the bride's uncle, Albert Moore of Griggsville, Rev. Mr. Hancock officiating. They will make their home in St. Louis.

Herring-Tosh.

Henry J. Herring of this city and Stella M. Tosh of Beardstown were married in Virginia Saturday. The bride's father, J. C. Tosh of Beardstown, gave his consent to the marriage. They will reside in this city.

Three Kings and Harmony comprise one feature in the Grand vaudeville bill for tonight.

MOOSE ELECT OFFICERS.

Organization Holds First Meeting in New Hall on South Sandy Street.

Athens lodge No. 1422, Loyal Order of Moose, held its first meeting in the new hall in the Benson building on South Sandy street, Monday evening with a good attendance of members. The meeting was also the time for the election of officers and the installation will be held on Monday, April 13.

In the absence of Dictator Imgrund and Vice Dictator Hamilton, Past Dictator Ira Howell presided at the meeting. The lodge is in a very prosperous condition and the secretary announced Monday night that it was now ready to pay benefits, which amount to $7 per week for sickness and $100 death benefit. In preparation for its new tenants the hall was redecorated and has been fitted with oak lodge furniture and rugs at a cost of $675. In its new garb the meeting place presented a very attractive apeparance. A list of the officers elected follows:

*Dictator—George W. Imgrund.
*Vice-dictator—George W. Hamilton.
Prelate—J. M. Butler.
*Secretary—H. Herring.
Treasurer—Michael McGinnis.
*Inner guard—Fred W. Runkle.

A DELIGHTFUL EVENING.

Much interest is manifested in the coming of the Primrose and Dockstader minstrels, not alone for their unusual ability, but members of the company being acquainted here. Prior to coming to Jacksonville Friday night the company has been filling a two weeks engagement in the American Music hall in Chicago and the Daily News of that city sums up their entertainment in a clever manner by saying: "No easier way to pass a delightful evening presents itself in Chicago than just slipping in under the autumn leaves roofing the music hall and reveling in the wonderful Wylie's high notes, the wit of Dockstader and soft shoe revelations of Primrose." Primrose is recognized as one of the leading American minstrels and dancers despite the fact that he gave his first "clog dance" in 1867.

HONORING FREEDOM'S SOLDIERS

The women of the Rev. James Caldwell Chapter Daughters of the American Revolution have done a splendid work in presenting to Morgan county the bronze tablet which today has a place upon the court house wall. The tablet pays tribute to the memory of men who did much for the country that they loved. It was such men and their fellows that gave freedom to this country and in giving freedom to America they gave largely to the world for the example of America has been an inspiration and a blessing to the lands across the seas.

Many of these men lie in graves possibly not unmarked, but in obscure places and it is indeed fitting that their names wrought in imperishable bronze should have a conspicuous place. As the names stand in view at the court house they will help to impress the lessons of the past and to give patriotic inspiration for years to come. To make the arrangement for this event to secure the correct data and the necessary funds for expense, called for a large contribution of effort and patriotism on the part of the D. A. R. members and the people generally now and in other days will approve of their work.

BLIND MAN AND WOMAN INJURED IN CHICAGO AUTO ACCIDENT

Were Crossing Street When Car Struck Them—Both Former Students of School for the Blind Here.

An Associated Press dispatch from Chicago last night stated that Miss Florence Clapp of Tamms, Ill., a totally blind girl was fatally injured and Porter Rodgers of this city, a partially blind man seriously hurt when they were struck by an automobile driven by Miss Emma Campbell.

Miss Clapp and Mr. Rodgers are inmates of the Industrial home in Chicago and both are said to have been students of the School for the Blind in this city some years ago. Miss Susan Draper in answer to any inquiry last night said she had no recollection of Mr. Rodgers but that Miss Clapp was a student in her department several years ago.

The unfortunates were crossing a street when the accident occurred and the supposition is that their impaired eyesight was at least in part responsible for their injuries.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have.

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nighly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

GOLDSTEIN SPOKE AGAINST SOCIALISM

BOSTON ORATOR APPEARED AT GRAND OPERA HOUSE SUNDAY AFTERNOON.

Visited Jacksonville Under Auspices of the Knights of Columbus—Speaker Declared Socialist Party Is Directly Opposed to Religion and to the Christian Family—Quoted Liberally From Socialistic Books in Support of Argument.

David Goldstein of Boston, Sunday afternoon addressed an audience which completely filled the opera house. The speaker appeared under the auspices of the Jacksonville lodge of the Knights of Columbus and his theme was "Socialism; In Its Relation to Religion and to the Christian Family." Mr. Goldstein is a gifted speaker. He does not have a florid type of oratory, but clearly and impressively presents his arguments and then submits the proof on which he has based them. He is engaged in a nation wide speaking trip under the auspices of the Knights of Columbus.

Sunday afternoon Mr. Goldstein was introduced by W. T. Harmon, grand knight of the local lodge and other members of the order seated on the platform were J. W. Harrigan, A. W. Becker, John W. Merrigan, John H. O'Donnell, John W. Sheehan, L. F. O'Donnell, Frank Wigginjost and Thomas Walsh.

Aims of Knights of Columbus.

At the outset of his address Mr. Goldstein stated that the Knights of Columbus is a great fraternal, beneficial, and educational society of over 200,000 Catholic laymen. It has as one of its main purposes, the dissemination of Christian truths, which is evidenced by its endowment of a chair on American history and its half million dollar endowment for the education of fifty laymen annually. It seeks to encourage the practical application of Christian truths and thus to develop a wholesome public opinion, which shall be truly Christian in spirit; which shall safeguard the right of the oppressed and compel the fulfillment of the obligations of the rich to the poor.

The work the Knights of Columbus has undertaken in arranging lectures on Christianity versus Socialism may be understood, said the speaker, only as one is aware that Socialism makes the most vital assault on Christian faith—it is atheism dressed up in a modern garb. It is most necessary to know that the Knights of Columbus is not organized for political purposes. To seek the influence of the organization for political purposes is strictly prohibited; the act of soliciting political support by virtue of membership in the order is an offense punishable by fine, suspension or expulsion.

Within the Knights of Columbus can be found men who are prominent in the Democratic, the Republican and the Progressive parties and also those who take very little interest in any one of them. In dealing with Socialism the society looks upon the political activities as something incidental to their main purpose.

More Than a Political Party.

In the words of the Most Rev. Mgr. Bonzano, "Socialism is something more than a mere political party, it is an anti-Christian sect." The Reverend Monsigor says that a perusal of Socialist books on religion will convince any fair minded man of its atheistic principles and its immoral propaganda. This is essentially the position taken by every dignitary of the Catholic church throughout the world.

Cardinal O'Connell is a recent pastoral, in defense of the rights of labor, says: "There is not, and cannot be a Catholic Socialist. Leo XIII has rejected such a fellowship in his immortal encyclical. The principles of Socialism are utterly opposed to the principles of Christianity. They are mutually destructive to each other. Certain misguided Christians may call themselves Socialists, but objectively, a Catholic Socialist is an utter impossibility."

These pronouncements are based upon the encyclicals of Pope Leo XIII which were re-affirmed by the reigning Pontiff, Pope Pius X, in his Moto Proprio of 1903. In line with these pronouncements the supreme convention of the Knights of Columbus declared that no man can become a Knight of Columbus or being a member can remain in the order who takes a different position on Socialism than that taken by the Catholic church.

Mr. Goldstein said that as Socialists seek to bring about a revolution in all departments of human activity their organization is not to be classed as a political party in the ordinary sense of the term. A genuine political party seeks to control the power of the state in carrying out a more or less definitely stated policy which is strictly lawful according to our constitution, and in accord with our basic institutions. This policy is arranged with the view of perfecting our domestic and foreign relations for the benefit of all the people. Not so with Socialism. It seeks the control of the power of the state with which to cause the state to "die out." With the hand of the state, Socialists would throttle the state. "We consider political action," says one of the national leaders of Socialism, "primarily as a means for the propagation of certain revolutionary tendencies, which may or may not be carried into effect by the political method alone." It is this treasonable propaganda that the Knights of Columbus calls upon all Christians to oppose that they may safeguard their rights, their liberties and their property.

Mr. Goldstein then proceeded to analyze the Socialist revolutionary propaganda as related to religion and the Christian family. He presented evidence to show that the fundamentl Socialist principle, known as the Materialistic Conception of History, upon which the world's Socialist authorities say the whole superstructure of Socialism is built, is frankly monistic. This philosophical principle, declared the speaker, is the direct opposite of Christian philosophy. It assumes there is no God, no eternal truths, no free will, no personal moral responsibility, nothing that Christians hold fundamental to their faith and morals.

Mr. Goldstein quoted from socialist writers, notably Marx, Engels and Bebel, to show that the fundamental principal of the socialist philosophy is the materialistic conception of history, or in other words economic determinism. According to this doctrine, religion and morals are but the by-products of economic conditions, and change with those conditions. There are no eternal verities or immutable principles, but fluctuating values, conditioned by the kind of economic system that gave them birth. According to the Materialistic Conception of History, religion is asserted to be a mere reflex of prevailing economic society and the existaence of classes.

The Beginning of Socialism.

"Slavery, according to the philosophy of Socialism, gave birth to Paganism. Slavery in turn gave way to fuedalism, which was the parent of Catholic Christianity. Capitalism followed feudalism, and its religious offspring is the Protestant presentation of Christianity. As preceding economic systems have passed away, so will capitalism be succeeded by Socialism, and this will create a new regime in which there will be no classes and therefore no more need to feed the people on "religious opium." So in the words of August Bebel, "religious organizations will gradually disappear and the churches with them."

"Dietzgen, 'the Socialist philosopher,' says in 'Philosophical Essays,' 'If religion means the belief in a supernatural being, then Socialism is irreligious.' 'Socialism and Christianity differ from each other as the day does from the night. Indeed, all religion is servile, but Christianity is the most servile of the servile.'

"A man to be a Christian, said the speaker, must believe in an eternal and unchangable God; he must believe in revealed truths; he must believe in eternal, immutable moral principles; he must believe in personal moral responsibility of each and every man to his Creator. To be a Christian, a man must believe in the second coming of Christ, when he shall judge both the living and the dead and render to each according to his thoughts, words and deeds irrespective of the environment in which he was born and in which economic class he obtained the necessaries of life. These beliefs a man must hold to be a Christian. These beliefs the Materialistic Conception of History repudiates. A man must believe in the Materialistic Conception of History to be a Socialist in the so-called scientific sense of the term. Hence, it is absolutely impossible to be a Christian and a Socialist at one and the same time, one rejects the other in toto. Therefore, no man can logically be a Christian and a Socialist.

Use Statistics Effectively.

"There are no shrewder staticians in the country; Socialist propagandists know how to make the most of the poverty, the discontent and the ignorance of the masses. The lack of charity and the immorality of today, they denounce as though they held Christian views of life; all the while insisting that the notion of free-will is out of date and that society is wholly responsible for individual shortcomings, that poverty is caused by robbery and ignorance fostered by the church; while discontent with everything and everybody is their long suit, and there is no hope this side of Socialism triumphant.

"If a workingman's religious scruples are to be overcome, the Socialist is on the spot with true history falsely employed to do the deed. 'Oh, yes, there are some atheist leaders,' they will declare of course, but religion is a private matter. You should recall the fact that Robert G. Ingersoll was an agnostic; that he was one of the leaders of the Republican party. He nominated James G. Blain for the presidency, he stumped the country from one end to the other for his party nominees, 'would it be fair to therefore conclude that the Republican party is an agnostic party?' The answer is plainly no.

"Then comes a second question, which looks just like the first to the uninitiated. Is it then fair to conclude that the Socialist party is an atheist party because some of its leaders are atheists? The sucker is caught, but not so the man who thinks. Did ever the Republican party propagate the blasphemies of Ingersoll as its doctrine? Has ever an editor or a stump speaker, a state or national committeeman declared that men must believe in the agnostic writings of Ingersoll, for instance 'The Mistakes of Moses' to be a Republican? I challenge the Socialists to name even one.

"Now let us turn the tables; never the Socialist party insist that The Materialists Conception of History—that materialists monism—is its cardinal doctrine? Do the Socialists challenge me to name the editors and speakers, the national and state committeemen who declare that a man must accept the teachings of Marx and Engels, Bebel and other Socialist doctrinaries before he may correctly lay claim to the term Socialist? If so, I shall add to the list of twenty-five names I have already given.

"Is then the Socialist party an atheist party because Marx and Engels, Bebel, and other oSocialists were atheists?

"Not merely, no. The Socialist party is an atheist party because its founders, Marx and Engels, set up the movement on atheist principles—no the materialistic conception of history on materialistic monism, and because its leaders ever since have propagated these anti-religious principles as its bed rock doctrine. Only he who juggles with the truth denies it; or he who though calling himself a Christian reads into the materialist conception of history a meaning all his own, for which there is no warrant in the philosophy or the practice of Socialist movement throughout the world.

Party Must Stand for Books Circulated.

Mr. Goldstein attacked the idea that the Socialist books he referred to were merely personal opinions as is sometimes asserted by Socialist tacticians in the interest of votes. He held that those books are more than personal opinions as the Socialist party circulates them officially. He brought forth eidence to show that in one season alone the Socialist party sold $120,000.00 worth of these books and papers through its series of about 400 lecture courses. He presented a number of Socialist party catalogues in which these books are listed. He said that those books were written by Socialist leaders of the highest standing in the Socialist movement of the world and they advocate principles of the rankest atheistic character and free love.

The last part of Mr. Goldstein's address was given to an analysis of the Socialist attitude towards woman as outlined in Socialist literature. The speaker took some of the books section by section and read from them. He quoted paragraph after paragraph where the writers advocate free love, where they say that after sex passion had ceased to exist separation was better for the man, for the woman and for the community in which they live. He quoted places where they declare that no third person has the right to interfere in matters between a man and a woman, that no functionary is of any importance in such matters, that they are private matters as much as are the kind of clothes that are worn or the kind of food that is eaten. These books declare that under Socialism, men and women would live together as long as they cared to and separate according to personal inclination, no divorce courts would be necessary; all the women work in the industries for the private household shall have become a social industry and society will bring up all the children as its wards. This, said Mr. Goldstein, is free love in its most brazen form. It will thus be seen, said the speaker, that the Knights of Columbus is doing a work for God and Country when it assists in making known the fundamental hostility of Socialism to religion in general and to the Christian family in particular.

The Milkman

BY WALT MASON

The milkman goes his weary way before the rising of the sun; he earns a hundred bones a day, and often takes in less than one. While lucky people snore and drowse, and bask in dreams of rare delight, he takes a stool and milks his cows, about the middle of the night. If you have milked an old red cow, humped o'er a big six gallon pail, and had her swat you on the brow with seven feet of burry tail, you'll know the milkman ought to get a plunk for every pint he sells; he earns his pay in blood and sweat, and sorrow in his bosom dwells. As through the city streets he goes, he has to sound his brazen gong, and people wake up from their doze, and curse him as he goes along. He has to stagger through the snow when others stay at home and snore; and through the rain he has to go to take the cow-juice to your door. Through storm and flood and sun and rain, the milkman goes upon the jump, and all his customers complain, and make illusions to his pump. Because one milkman milks the creek, instead of milking spotted cows, against the whole brave tribe we kick, and stir up everlasting rows. Yet patiently they go their way, distributing their healthful juice, and what they do not get in pay, they have to take out in abuse.

RHEUMATISM AND BRIGHT'S DISEASE

Prof. Budlong was Quickly Relieved of Both Afflictions By Using Rheuma.

If you suffer from any form of Rheumatism, remember that RHEUMA goes to work quickly to remove the cause, not simply to relieve the distress. Many years' use has demonstrated that it goes to the seat of the disease and expels the poisonous matter through the natural channels—the kidneys, bowels, liver and skin.

"For many years I was troubled with Rheumatism, also with Bright's Disease of the Kidneys. I suffered awfully. Tried many advertised remedies. After using your truly remarkable preparation, RHEUMA, I was fully cured."—Prof. C. J. Budlong, Sound View, Conn.

RHEUMA is guaranteed and sells for 50 cents a bottle by druggists everywhere.—Adv.

FIVE MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapepsin" Reaches Stomach, All Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach, all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who ry i.—Adv.

MOTHER! IF CHILD'S TONGUE IS COATED

If cross, feverish, constipated, bilious stomach sour, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled!—Adv.

PEOPLE EVERYWHERE WANT FOLEY KIDNEY PILLS

What the majority of the people want is sure to be the best of its kind. That is why a majority of the people want Foley Kidney Pills for all kidney and bladder ailments, rheumatic troubles and urinary irregularities. They know that once Foley Kidney Pills are taken, good results follow. Foley Kidney Pills are healing, tonic and strengthening. Their effect on weak, inactive, sluggish kidneys is prompt and positive. They are made with one supreme end in view; to give to sufferers from all disorders of the kidneys and bladder, no matter how affected, relief from their misery and strength from their weakness, by driving out the cause of the trouble in the quickest and surest way. Kidney trouble not only means the familiar symptoms of backache, pains in back and hips, weak back and soreness over the kidneys, rheumatic pains and swellings. But it means also a dull headache, sleeplessness, loss of appetite and energy, dizziness and impaired eye sight, and a nervous run-down and tiredout state of being that drives away ambition and energy. Men and women are alike subject to kidney and bladder ailments, and annoying urinary troubles that are a torment by day and a sleep-disturber by night. Foley Kidney Pills regulate quickly and give the kidneys just the help nature needs to restore their healthy action. We do not claim that Foley Kidney Pills pay the largest percentage of profit to the middlemen, but we **do claim** they give relief, comfort and sound health to the greatest number of those who use them, and in the shortest possible time. You can get them in 50c and $1.00 sizes. The $1.00 size contains 2 1-2 times as many as the 50c size.

N. B. In taking any course of medicine, and particularly for kidney troubles, it is advisable to use a good cleansing cathartic. We advise Foley Cathartic Tablets. They are fine in effect and work in harmony with Foley Kidney Pills.

MEMORIAL TABLET TO REVOLUTIONARY HEROES

UNVEILING CEREMONIAL TOOK PLACE AT COURT HOUSE MONDAY.

Large Assemblage Listened to Patriotic Addresses By Hon. Richard Yates and Others—Names of Soldiers of Revolution Buried in Morgan County Are Perpetuated in Bronze Through Efforts of Local Chapter of the Daughters of the Revolution.

With ceremonies of an impressivness in keeping with he importance of the occasion the tablet erected by Rev. James Caldwell Chapter D. A. R. in memory of the revolutionary soldiers buried in Morgan county was unveiled Monday afternoon. The circuit court room was filled to overflowing for the formal program and a still larger company assembled in front of the court house as the draperies which covered the tablet were drawn back and it was revealed to public view.

The program was one which teemed with patriotism and there can be no doubt that the occasion itself has done much to develop the spirit of true loyalty among the people of Jacksonville and Morgan county. Mrs. O. F. Buffe, regent of the chapter presided with grace and dignity and the speakers were Miss Effie Epler, Hon. Richard Yates, Judge E. P. Brockhouse and Horce H. Bancroft, Dr. R. O. Post pronounced the invocation and the Jeffries Concert band and a chorus from the high school directed by Miss Ailsie Goodrick furnished the splendid music which formed such an important part of the exercises. The circuit court room had been beautified with flowers and flags and seats of honor were reserved for members of Matt Starr Post D. A. R.

After a patriotic march by the Jeffries Concert band and the invocation by Dr. Post, the chorus directed by Miss Goodrick sang "The Star Spangled Banner."

The tablet was then formally presented by Miss Effie Epler, the capable chairman of the tablet committee who spoke as follows:

Tablet Is Presented.

"Madame Regent:

"I have the honor of reporting that the tablet erected in memory of the Revolutionary soldiers buried in Morgan county is placed for unveiling.

"In offering this tribute of bronze to the heros' dust enshrined here, we recall the patriotism that made a colony a nation, we inspire enthusiasm for country and a love of liberty, we preserve to present and future citizens memories that make us proud of the achievement of the past—"Lest we forget."

"In the enlistment of these soldiers nearly every colonial state was represented. The history of their plans of warfare was of the founding of this republic. The son of the Puritan and of old Viriginia, the Quaker patriot and the Maryland cavalier fought side by side.

"It was not a war of pageantny, there were no richly decked troops. 'In their ragged regimentals stood the old Continentals yielding not.' It was a battle for freedom in the homes their Pilgram fathers wrested from the wilderness.

"These names we write in bronze, link Bunker Hill and Valley Forge, The Green Mountain Boys with the March of Marion's Men, the Minute Man of Concord with the stacked arms at Yorktown.

"In the progress of the years as these heroes followed the course of empire to this land where they now rest, they saw new stars appear in the banner whose red, white and blue folds now canopies this land from sea to sea."

The acceptance and the presentation to Morgan county was by Mrs. O. F. Buffe, regent of the chapter who said:

The Founding of the D. A. R.

In the name of Rev. James Caldwell, Chapter D. A. R., I gratefully accept this memorial tablet. The committee consisting of Miss Effie Epler, Mrs. Charles Ehnle, Mrs. Clayton, Mrs. Miller Weir and Mrs. W. T. Wilson come to us today with material proof of their patriotism. The time and labor required, can only be understood by actual experience. Mrs. Harriet Clayton in charge of the finances, deserves especial mention, and so generously did the loyal members respond to her call, that the necessary funds were soon in her hands.

"While all faithfully did their duty, I am sure the members of the chapter and committee agree with me when I say that the success of this undertaking, is largely due to the constant and untiring efforts of the chairman, Miss Effie Epler. Again we say with grateful hearts, 'Thank you!'

A quarter of a century has passed since three earnest women met planning with patriotic zeal, to found this society.

"Today, we would pay tribute to one of these founders, Mrs. Ella Hardin Walworth, who spent her early life in Jacksonville. From these women has grown the U. S. D. A. R. which now numbers almost 105,000. The strongest, the largest unaffiliated body of women in the world. The worthy purpose of this great organization is to perpetuate the memory of the spirit of the brave men and women who achieved American independence.

"So well are the D. A. R.'s fulfilling this pledge to the national society and obligation to our government, that this nation of ours, North, East, South and West is marked with tablets and monuments. Even the boulders and way side stones tell the story of brave deeds.

NEW MEXICO SENATOR ASSAILS WILSON'S PRESENT MEXICAN POLICY

Senator Fall Bitterly Attacks the President's Policy and Urges Intervention as Solution of the Problem.

Washington, March 9.—The Mexican lid was lifted in the senate of the United States today by Senator Fall, Republican, of New Mexico, who urged armed intervention for the protection of Americans and other foreigners in the stricken republic. The galleries were crowded to overflowing and remained so for hours until Senator Shively of Indiana had spoken for the administration, expressing regret that the subject had been discussed in open session and averring that no adequate suggestion had been offered to compose the difficulty.

Senator Fall in a lengthy narration of outrages in Mexico, held the interest of the senate and gallery for more than three hours. Assailing the policy of the administration as inadequate in the situation and declaring President Wilson knew nothing about real conditions and had been mistaken in every act of his administration toward Mexico the New Mexico senator pleaded for intervention for protection in order to avoid inevitable war.

Comments of German Press.

Emphasizing the danger of war with a great foreign power unless something should speedily be done, Senator Fall referred to comments in the German press over the killing of the British subject by order of General Villa. He said:

"When the German press says that should a German citizen be murdered in Mexico, Germany would not acquiesce like Great Britain, then I say to you senators there is imminent danger of a conflict between this country with which we should always be at peace.

"I believe the American people can be left to handle any critical condition provided they are informed on the subject. I am not one who believes, when the press is full of reports of outrages and details of Mexican horrors that it can be 'incompatable with the public interest' to send to this senate details of outrages upon American citizens. I am not one who believes that the constitution should be pushed aside and let one man assume the executive and legislative powers of the government."

Senator Shively Replies.

Senator Shively, replying as acting chairman of the foreign relations committee, declared that Senator Fall's policy would mean actual armed intervention and that intervention meant war. He deplored that the situation had been thus discussed in the open senate, declaring that it would have a harmful influence upon the attitude and temper of the people of Mexico.

"No one doubts what intervention means," said Senator Shively, "and the senator from New Mexico has not suggested any power in Mexico with which could be surrounded efforts to restore peace. If composition of the difficulty is available by watching and waiting the people of the United States could have a just grievance against their government if it should start now the muster, the march, the camp and the battle field. The government is exerting its energies to work out a solution without precipitating war and all that war means."

"Those who are responsible for our foreign policy are doing all that can be done. They are not swift to rush to arms; they are men who think and weigh the facts and measure consequences of acts before they commit us to them."

"Deplores Colquitt's Attitude."

Senator Sheppard of Texas, declared the majority of the people in his state were in hearty accord with President Wilson in his Mexican policy and 'deplored the attitude of their governor."

Texans from the border had assured him, Senator Sheppard asserted, there was no excitement, "except in the imagination of the governor."

Senator Fall said that men who had called upon the secretary of state in regard to attacks upon Americans in Mexico had been told that they represented interests which went into Mexico to get dollars and return to this country. He had himself received such a reply from Secretary Bryan, he said on a recent visit in regard to a pacific case. In the case of Benton Senator Fall charged that Villa had for years been stealing cattle in Mexico and shipping them for sale in the United States. The activities of the New Mexico and Texas cattlemen's association hampered Villa's business and a decree forbidding shipment of any cattle from Chihuahua was issued. It was because of that Benton went to see Villa, the senator said, Benton having cattle he wished to ship.

"And Villa killed him," Senator Fall added.

Comparing Huerta with Villa, Senator Fall declared that if "Huerta is a murderer, he is at least a murderer on a grand scale. He would not stoop to killing a peon just for the pleasure of seeing him die. Villa is a common, ignorant, brutal murderer for hire, now being romanced about in the press."

MACHINISTS IN CONFERENCE.

St. Louis, March 9.—The general officers, organizers and business agents of the International Association of Machinists gathered here today from every part of the United States and Canada for the purpose of holding a get-together conference. The meeting is said to be the first of its precise nature in the history of the labor movement in America. The purpose is not to transact any of the business that comes before the regular conventions, but to consider questions of general policy and to agree upon systematic plans to better the condition of the local branches of the organization and their individual membership.

PROTESTS AGAINST PROPOSED INCREASE IN FREIGHT RATES

Chairman of Iowa Railroad Commission Argues Against Advance of Rates in Eastern Territory.

Washington, March 9.—On behalf of eight western states, Iowa, Kansas, Nebraska, Arkansas, Missouri, Oklahoma, North Dakota and South Dakota—and the national livestock association, Clifford Thorne, chairman of the railroad commission, of Iowa, today protested to the interstate commerce commission against the proposed advance of railroad freight rates in eastern territory.

In arguing the proposed increase Mr. Thorne explained that his people "heartily favor the elimination of all free services and favored shippers."

Mr. Thorne contended that until a physical valuation of railroad properties had been made the reasonableness of returns received by the roads could not be determined.

"It is true," said he, "that labor costs have gone up; that some supply costs have gone up; and that some rates have gone down. On the other hand, many supply costs have gone down and many rates have gone up."

"Last year," he said, "their net revenues were more than a hundred million dollars greater than in 1900.

"The railroads claim that their credit has been ruined and that their securities are no longer attractive to investors. As a fact, their securities sell for prices as high as those of any other companies on the market at the present time."

In support of his contentions, Mr. Thorne presented to the commission elaborate data compiled by staticians working under his direction.

PENNSYLVANIA RAILROAD FINANCING.

Philadelphia, March 9.—The stockholders of the Pennsylvania railroad at their annual meeting here tomorrow, are expected to give their approval to the biggest piece of railroad financing that has taken place in several years. The plan is to authorize the mortgage to secure bonds to be isssued from time to time when and as approved by the stockholders to an amount not in excess of the outstanding capital stock. Under the terms of the mortgage, the company would at the present time be authorized to issue a total of $600,000,000 of bonds, while the maximum would be raised correspondingly by any addition to the amount of stock out. It is understood, however, that the comany has no intention of issuing bonds under the new mortgage immediately.

DIETZ MURDER TRIAL.

Chicago, March 9.—Mrs. Augusta Dietz and George Nurnberg were arraigned in Judge Kersten's court today to stand trial on indictments charging them with having murdered the woman's husband, George Dietz, a well-to-do proprietor of a tailoring establishment. Dietz was murdered in his home on the night of April 14, 1913, his skull having been crushed with a hammer which was found in the room. There was also a note left in the room purporting to show that the victim had met his death at the hands of a relative or sweetheart of a girl he is alleged to have wronged. The theory that the crime was one of revenge was at first accepted by the authorities and at the coroner's inquest Mrs. Dietz and Nurnberg were questioned and discharged. A few days later, however, the two were arrested and charged with the murder on the strength of evidence said to show that Mrs. Dietz and Nurnberg had maintained a criminal relationship and that Mrs. Dietz and her husband had frequently quarreled.

"MADE IN NEBRASKA" SHOW.

Lincoln, Neb. March 9.—The first "Made in Nebraska" show opened in the Auditorium in this city today and will continue through the week. Practically all of the leading manufacturers of Nebraska are represented in the display and all indication point to a successful and profitable exhibition.

YOUR MODERN BATH ROOM

When you consider your own personal comfort and convenience and that of every other member of your household, just which particular room of your home means the most to you and your family?

The bathroom, of course.

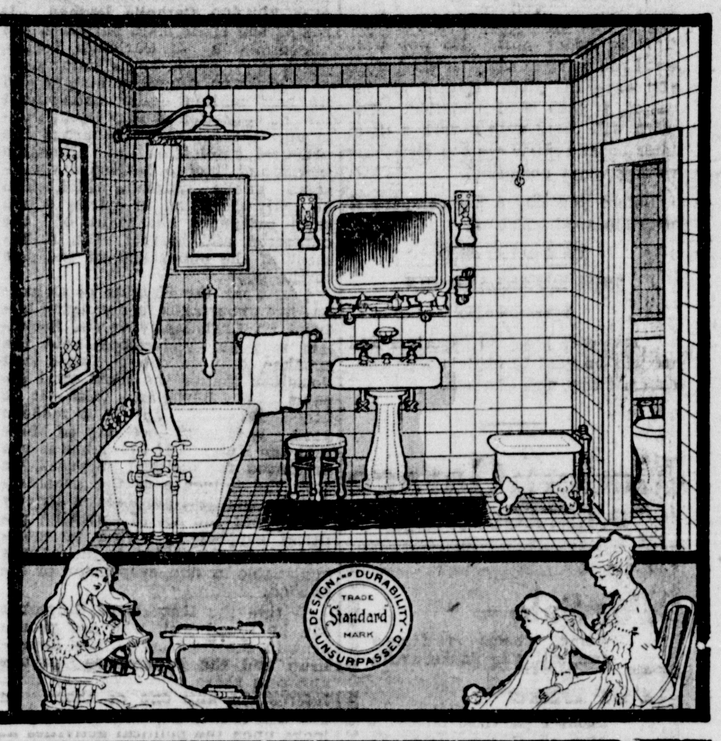

Isn't that sufficient reason for you to have it just right—just the way you want it?

If you do not take a personal interest in planning the bathroom for your new home, and select just the fixtures you want for it, isn't there a possibility that when completed, it might be a disappointment?

You can obviate any such possibility by making selection from our "Standard" Catalogue with its hundreds of designs for all purposes, requirements and tastes.

We can advise you upon all sanitary matters and aid you in planning wisely.

To the Housewife.

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments are almost likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire into the merits of the various remedies that are recommended for coughs and colds, you will find that Chamberlain's Cough Remedy stands high in the estimation of the people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.—Adv.

DO YOU KNOW THE RIGHT MAN FOR THIS WORK?

If you know an ambitious, self-reliant, worthy young man whom you can conscientiously recommend for the Flying Merkel Motorcycle agency in this section of Illinois, tell us about him. If he can meet our standard of qualifications we are in a position to offer him the opportunity of his life.

New Fying Merkle Motorcicle Agencies are being established in hundreds of towns and villages. There is a brilliant chance for the right representative. However, we must have a representative who is in a position to purchase a demonstrator at Exclusive Price Only to Agents, and thereafter the Flying Merkle Local Agent will have exclusive right to sell these wonderful motorcycles in the territory allotted.

It is easy for the right young man to control the entire motorcycle business in his locality, and besides we give him full benefit of our Dealers' Aid Bureau, which amounts to a Free Course in Motorcycle Salesmanship.

FLYING MERKEL MOTORCYCLES

are the easiest to sell because they are the best made. Best materials, better workmanship, than found in any other motorcycle. Exclusive features are Self-Starter, Spring Frame and Fork, Full Ball-Bearing Motor, Low Saddle Position, Perfect Gyroscopic Balance, Throttle-Controlled Oiler, and many others.

If you know the right young man to represent the largest manufacturer of High Grade Motorcycles and Bicycles in the world in this locality, tell him to write today for our agency proposition before some one else beats him to it.

Traders on Exchange Shift Their Positions Frequently and Speculative Sentiment is Confused.

(By Associated Press.)

New York, March 9.—The stock market pursued an uncertain course today and closed with the level of quotations little changed. Traders shifted their position frequently and speculative sentiment was confused.

Outside business was small and market movements reflected little more than professional operations. London sold Amalgamated, Steel, Canadian Pacific and Union Pacific here early in the day, putting out perhaps 15,000 shares.

The whole market advanced briskly until weakness developed in the coalers. Lehigh Valley and Reading, in particular, were subjected to pressure and under their lead the general list fell to below Saturday's close. In the late session the market hardened. Some weak features of the market recently made further losses. Rock Island bonds sold down to new low prices. The collaterals, at the day's low point of 41, showed a loss of 1 the refunding 4's losing 1¼ and the debenture 4's declining 4½.

STOCK MARKET PURSUES UNCERTAIN COURSE MONDAY

July Option Proves Relatively Weak —Provisions Develop Weakness After Firm Start.

Chicago, March 8—Wheat for May delivery hardened in price today on account of diminished farm reserves but the July option proved relatively weak owing to ideal conditions for the new crop. The close was steady at the same as Saturday night to ⅛@¼c higher. In corn, the outcome varied from ⅜c decline to ⅛c advance, oats showed a net loss of ⅝c to ⅞@¾c and provisions a setback of 5c to 15c.

A small flurry took place about mid-day in consequence of May shorts in wheat attempting to cover. They had been moved by a good sized falling off in the visible supply.

In corn notwithstanding that reserves were shown to be the smallest since 1904; much selling was indulged in by both longs and shorts.

A sharp break in oats came as the inevitable result of the Washington showing of unexpectedly large stocks on farms. The rush to unload carried down prices a cent a bushel before profit-taking by shorts led to some reaction.

Provisions developed weakness after a firm start. Scarcity of hog arrivals was ignored when the price of feed began to tumble.

For Bright Eyes and Clear Nose

Remarkable Catarrh Cure That Gets Right into the Affected Parts and Stops Gatherings.

S. S. S. is a Wonder for the Eyes, Nose and Throat.

It is definitely known that catarrh can be cured by the simple process of inoculating the blood with antitoxal remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or as it is widely known, S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, through all the veins and arteries, and enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

You will soon realize its wonderful influence by the absence of headache and steadily improved nasal condition.

For special advice on any blood disease write to the Swift Specific Co., 223 Swift Bldg., Atlanta, Ga. Do not delay to get a bottle of S. S. S. from your druggist.

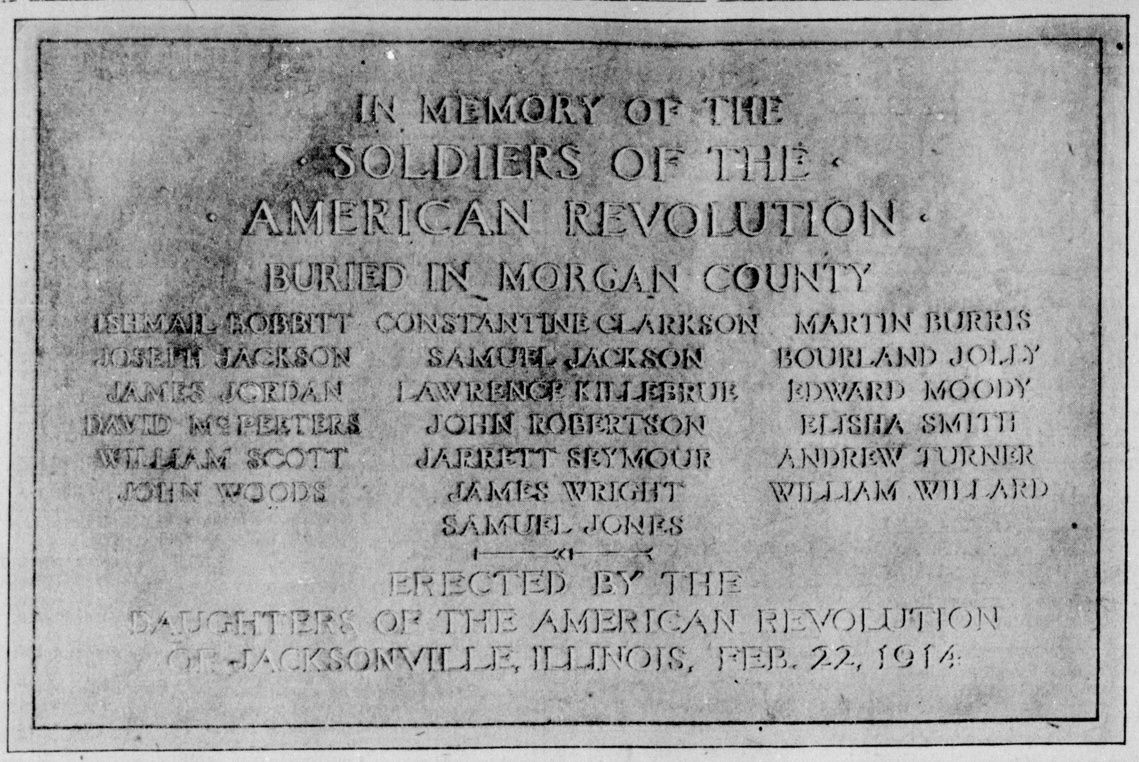

Always insist that you want S. S. S. and nothing else. Beware of all attempts to sell you a substitute.

MEMORIAL TABLET TO REVOLUTIONARY HEROES

(Continued from Page Eight)

independence, while the western chapters mindful of the founders as well as the builders of this nation have marked the old trails, the Cumberland road, the Santa Fe Trail, the Oregon Train and others. I can not refrain from mentioning that greatest of all memorials dedicated to the rank and file, soldiers and sailors of the American Revolutionary War Merocial continental Hall, built and sustained by women. It has been a labor of love for the fifty chapters of Illinois to mark many neglected graves and to erect tablets and monuments in memory of Revolutionary soldiers. They have acquired and protected many historic spots.

"Today as loyal D. A. R.'s we are assembled to honor the Revolutionary soldiers buried in Morgan county. These nineteen men whose names appear upon this tablet were not only patriots, but pioneers to the unexplored prairies of Illinois. May this tablet prove to be an incentive to the youth of our county to study American history and may it inspire in them true patriotism and love of country. Believing that this memorial will serve the three-fold purpose of inspiring patriotism, preserving history and promoting education the Rev. James Caldwell Chapter now presents this tablet to Morgan county."

Speaking in behalf of Morgan county, Judge E. P. Brockhouse's well chosen words were in part as follows:

Struggle Gave Birth to Nation.

"In behalf of the board of commissioners and the people of Morgan county I take great pleasure in accepting this splendid memorial in the patriotic spirit in which it is given. While the placing of this memorial is primarily a matter of local interest and a just source of local pride, the spirit which prompts it is the same spirit that ruled the lives and conduct of the men whose names are here commemorated—the spirit of true patriotism—and any act that tends to promote and foster this spirit is of great moment not only to Morgan county, but to the state and nation and even to the world at large. The results of the American revolution were not confined to any one community, nor to any one nation, but its influence has since been felt throughout the whole civilized world. Out of that great struggle was born a nation—a nation not only new, but a nation with a government founded on a principle which if not new was at the time not recognized by the governments of the world—the principle that governments derive their just powers from the consent of the governed—a government of the people, for the people and by the people—a government that has challenged the admiration of mankind—has been an inspiration to struggling and oppressed humanity in all parts of the globe and has served as a model for the nations of the earth to pattern after. How true it is that the "minute man of '76" fired the shot heard 'round the world." His was the cause of right and of humanity. No other war in all history accomplished so much for the elevation, the happiness, the betterment of mankind.

"Our country is to be congratulated upon the existence of the great society of which you are a part and our community is to be especially congratulated upon having in our midst a chapter which is so active.

"It is true, by no act or word of ours here today can we in the slightest degree add to the honor and glory due the men of the revolution. But from a study of their lives we learn to know the motives by which they were guided. By learning how great was the price in life and blood they were willing to pay we learn to know the value of what they won for us—and we are inspired to emulate their example of unselfish devotion to principle.

"In placing this tablet and in other works of a similar character which your society is doing you will wield a quiet but potent influence on the thoughts and actions of this and future generations which cannot but tend toward the betterment of the nation. Therefore, I deem it a great honor as well as a pleasure to have a part in these ceremonies and to accept this tablet in behalf of Morgan county."

Linked With a Greater Day.

Horace H. Bancroft was introdused a sa son of the American Revolution and expressed regret that the local chapter is almost out of existence and the hope that such inspiration would be gathered from the occasion that the chapter might take on new life. Mr. Bancroft is intensely patriotice and his remarks gave further proof of the fact. He referred to the famous picture at the national capital which portrays the signing of the declaration of Independence and said that this day was indissolubly linked with that greater day, for without the signing of the declaration of Independence no such tablet as that now upon the court house would be possible. Thomas Jefferson, the speaker said had furnished the artist the details for that wonderful portrait. The group shows John Hancock, Samuel Adams, Thomas Jefferson, Benjamin Franklin and others of equal fame. Those men pledged their lives, their fortunes and their sacred honor to the cause they had espoused and so did those men whose names today are upon the tablet presented to Morgan county. These men Mr. Bancroft said were beyond the reach of praise yet it is fitting that tribute be paid for the work that they wrought. He said that as men and women passed the tablet and their children asked the meaning that countless lessons of patriotism would be instilled and that the soldiers named on the tablet would be given some of the recognition history entitled them to. The speaker referred to the inspiration furnished the soldiers of the Revolution by the women of that day. When the men went to war they did not leave behind wives, mothers and sisters weeping and helpless but women who with undaunted spirit prayed that the men might bravely face every danger and still be spared, women who tireless wrought with their hands for the families at home and for the soldiers at the front. Then Mr. Bancroft paid an eloquent tribute to the men who in '61 saved the union which the soldiers of the revolution gave to the country.

After the chorus had sung "Columbus, the Gem of the Ocean" with solo parts by Miss Bess Pyatt, Mrs. Buffe in fitting language introduced Hon. Richard Yates to make the principal address of the occasion. Mrs. Buffe said it would be presumptuous to introduce Mr. Yates to such an audience but rather she would welcome him home again as a dear friend. With such ancestry as his, with such a creed of statesmanship, Mr. Yates could be nothing other than loyal to the core and he is always especially happy on an occasion of this kind. A portion of his remarks follow:

The Master of Self.

"I will not annoy you with a description of the life of Washington, or a eulogy of his achievements. I know, as well as you, that your book-shelves are loaded with the embalmed words of a thousand eloquent tongues, which have contributed to an enduring fame and renown to which I could not add, if I would. And your libraries are teeming with standard biographies, containing the authentic recital of all the events, both large and small, of that magnificent life.

"I leave you to their studious perusal, feeling sure that if you will read any two of them, you will be glad you did not confine your reading to one, for each biographer presents Washington and his life, and character, in a different light. All these lights, however, combine to present him, as Henry Cabot Lodge, one of his later biographers says, as 'the noblest figure that ever stood in the forefront of a nation's life,' and, as Talleyrand (Napoleon's minister) said, 'one of the noblest lives that ever adorned a nation's honor.'

"There is one expression which may be given of George Washington, however, it seems to me, without expressing a thought, already too trite.

It is not only true, that he was calm, wise, judicious and impartial: discreet, prudent, conservative and circumspect. It is not only true, that he was inventive, creative, able, artful, tactful, resourceful, masterful, wonderful.

"But it is also true that all this was the result of mastery—complete mastery—of impulse. It was the triumph of an iron and relentless will, over strong and tumultuous passion.

"I, for one, am glad to know this—glad to know that he had to keep control of himself by an effort—had to fight to restrain his temper and passion—glad to know that he was not a god—glad to know that he was not an impossible man—glad to know that he was not even a perfect man. I am glad to know that, even if he did not often yield to weakness, he was, at least, like the Divine Man of Galilee, at all points 'tempted like as we are.'"

Like Unto Other Men.

"We are all glad to know that during his eight years as president of the infant American republic, no man and no nation insulted George Washington or the United States, with impunity.

"And, however you may feel about it, I am glad to know that when Washington fell in love, he fell violently in love. It is interesting to realize that the same individual who occupied the sublime places I have spoken of, was violently in love, at the age of 14, with Mary Brand of Westmoreland; at the age of 18, with Mary Cary of Fairfax; at the age of 20 with Mary Funtleroy of Richmond; at the age of 24, with Mary Philipse of New York, and at the age of 26, with Martha Custis, who became his wife in his 27th year.

"These make him seem more human—more like us. And, seriously, he was like us—in this: he suffered and struggled, with himself, with others, and with other things and circumstances, and then he joyed and triumphed, alternately—triumph and disaster, disaster and triumph—throughout all his useful life.

"Well would it be to be like him? How many a man has done this great country of our inestimable good, by just trying to be like him. His example was absolutely contagious, wonderfully so. His successors in military command, and in the Presidential office, attempted to imitate him. They failed, somewhat, and yet, their very imperfect success contributed vastly to the national distinction, and honor, and progress and power.

"I have at home, carefully wrapped in old, discolored paper a tiny lock of hair, from the head of Washington. I am going to keep it, all my life, as my ancestors did before me. I have stood at Mount Vernon, and looked in upon his simple tomb; have stood at Washington City, and looked with awe at the towering shaft, half a thousand feet high, erected in honor of his memory; have stood on the spot where under the tree at Cambridge, he drew that sword of command, and in the National Museum at Washington have seen that sword itself; and doubtless all of you, if you have not already seen all these things, will, in time, do so.

"But these things are to be valued, not as implements and instruments and incidents of hero worship, but as evidences of the fact, that George Washington actually lived, and breathed and walked and talked and, as we have already seen, loved—much as we do. I would that our minds could think of the living Washington and his loving mind, and that our patriotism could rise to the sublime standard of his love of country. It was no myth, it was no fiction, it was no sham—the love of country of George Washington. It was a high and holy thing, rising from a grand and glorious heart, full of sincere sympathy with all hearts having love of liberty, and with all the hope of Humanity. Beating its first beat, February 22, 1732, one hundred and eighty-two years ago, today, that heart, when it ceased to beat, in 1799 left that hope of Humanity, not merely a possibility, but a glorious probability. It remains for us, and our fellow countrymen, to make it a glorious reality—not a Hope but a Reality.

The Heroic Women.

"Oh, heroic sisterhood, never shall thy glory be forgot while Fame her record keeps.

"Oh, Mercy Warren and Abigail Adams and Susannah Elliot, and all thy heroic sisters, peace to thy ashes, and honor to thy memory and dominion and power to the fair land served and sustained by thee, in all these hours, while our forefathers fought and fell around about the camp-fires that cradled our liberties.

"Oh, Martha Washington, what a paragon must thou have been, to secure and retain the affections of the man capable of writing that memorable letter in which he said, to the women of New Jersey and Pennsylvania, 'The army ought not to regret its sacrifices and sufferings, when it meets with so flattering a reward as in the sympathy of your sex; nor can it fear that its interest will be neglected, when espoused by advocates as powerful as they are amiable.'

"After the passing of all the years, with all their miracles, I love to read these loving words, written in the shadow and strain of national sadness and darkness almost unutterable, showing how touched was the heart of the Father of his Country, by the womanly devotion of the hour, and showing how dear to that heart had become all American womanhood.

"And I rejoice to know that the calm and majestic Washington, during whose years of service as president no man and no nation insulted the United States with impunity, knew well the old, old story of man's love for woman, as old as it is sweet, and as sweet as it is old.

The exercises in the court room closed with the singing of Illinois and then the assemblage adjourned to the open air. As the chorus sang "America" the tablet which occupies a place on the south side of the court house wall was unveiled by Miss Annie Clayton and Miss Janette Powell. Streamers of red, white and blue satin ribbons hung about the tablet in graceful draperies and above was a wreath of immortels.

The occasion was one of deep significance and Rev. James Caldwell Chapter has certainly performed a real service to the soldiers of the past, the citizenship of the present and future, by the placing of this bronze tablet.

GRACE CHURCH ORCHESTRA GIVES PLEASING ENTERTAINMENT MONDAY

Large Crowd Hears Excellent Program by Prof. C. C. Jeffries—Miss Sue Fox Gives Readings.

The entertainment at Grace church last night was enjoyed by a large crowd. The lower floor was well filled and quite a few were in the gallery. The program was interesting throughout, there was not a dull moment. Prof. Jeffries is a master hand in planning a program that combines the classic and popular in the right proportions. The crowd, composed of entire families, appreciated the numbers from the youngest to the oldest. The solos by Miss Shuff were well selected, rendered with skill and were greatly appreciated. The solo, "A Perfect day," with bassoon accompaniment by Wilbur Jeffries, was one of the most attractive numbers. The effect was beautiful. Miss Sue Fox is always a favorite. Her readings were very taking and the audience was hard to satisfy. Miss Fox was at her best last night in the numbers she gave. Many remarked that a church with such an organization was very fortunate and the hope was expressed that Mr. Jeffries would favor the public with another entertainment at an early date. Those composing the orchestra were:

Violins — Miss Bonita Olson, Miss Ruth Brown, Miss Helen Sorrells.
Viola—Miss Sallie Harton.
Cello—Mr. Paul Morrison.
Double Basso—Mr. Elmer Whalen.
Oboe—Mr. Percy Jenkinson.
Bassoon—Mr. Wilbur Jeffries.
Flute—Mr. Eugene Milburn.
First clarinet—Miss Velma Jacobs
Second clarinet—Mr. Wilbur Rogers.
First cornet—Mr. Will Suhy.
Second cornet—Mr. Harold Boyd.
Director—Mr. C. C. Jeffries.
Pianist—Miss Marie Miller.

When the audience did not want to leave without another number, Mr. Jeffries stepped to the front of the platform and told the audience that they could hear the orchestra play every Sunday morning at 9:30.

WILL ANSWER GOLDSTEIN.

The Socialist party of Jacksonville have asked Rev. Thomas J. Thompson of Carthage, Ill., to answer David Goldstein and he has consented to do so. Rev. Mr. Thompson was present and heard the lecture on Sunday afternoon at the opera house. At its conclusions, he asked permission to ask a few questions.

After the speaker had answered these questions, Mr. Thompson challenged the noted anti-Socialist, Jew-Catholic to debate the following question: "Resolved, that Socialism is the solution of the labor problem, and consequently for the benefit of society, economically and morally."

Mr. Goldstein declined to accept the challenge for such a debate on Sunday night on the ground that he had already talked over two hours, claiming that the task would be to great, and calling the challenger a "bluffer."

Mr. Thompson then offered to answer the lecturer "right now." Mr. Goldstein offered to Mr. Thompson ten minutes to come upon the platform to answer him. This offer, so obviously unfair, was, of course emphatically declined.

Mr. Goldstein was then asked to name a future date, in view of his present engagements, for such a debate.

He then said he would debate the questions, provided his apponent would get the endorsement of the national Socialist party, "if" it was convenient for him to come this way again. The Socialists are not disposed to let the speech go unanswered and they will hold an open meetin the court house tonight, at 7:30 to which everybody is invited.

Owing to the charges of the lecturer ladies will be particularly interested in hearing what Mr. Thompson has to say.

It is the desire of the speaker that persons desirous of asking questions shall be given ample opportunity to ask them.

Questions are invited. Debates are courted. Sift the question to the bottom. Read, study, hear, weigh, consider.

Rev. Mr. Thompson stands ready to meet "David" anytime.

Don't forget to hear him.

Committee.

I'm going to the Routt vs. J. H. S. game Wed. 8:30. Why don't you.

AT THE GRAND.

Minstrelsy as our daddies knew it, is said to be the brand that Messrs. Primrose and Dockstrader, the reunited veteran minstrel stars are presenting this season. After a separation which had existed nearly ten years, Messrs. Primrose and Dockstrader consolidated their respective companies last season and made a tour of the principal cities of the United States and Canada. The success of the reunion of these famous minstrels was so great that arrangements were made for its continuance. Messrs. Primrose and Dockstrader are said to have surrounded themselves with an all star cast. They are presenting a spectacular revival of 20th century minstrelsy and will appear at the Grand Friday night.

EVERYBODY WELCOME AT HERMAN'S GRAND SPRING OPENING, WEDNESDAY, MARCH 18.

MORTUARY

Council.

W. F. Council of South East street received word early Sunday morning of the death of his mother, Mrs. Mary Council in Los Angeles, California. Mrs. Council passed away about 7:30 o'clock Saturday evening. She was seventy years of age and had resided on the Pacific coast for the past eleven years. She spent the greater part of her life in this locality and was known to many people here. COUNCIL DEFERRED ACTION IN PURCHASING PUMP

Will Hold Extra Session Today to Give Matter Consideration—Seek Light on Poll Tax Provision of Tice Law.

The city council met Monday morning in regular session. The principal business was the consideration of the bids submitted for a new electric pump offered by Fairbanks Morse & Co., but at the suggestion of Mayor Davis action was deferred until an adjourned meeting to be held this afternoon at 2 o'clock.

After the council had been called to order an invitation was read from the D. A. R. asking the council to attend the tablet didication at the court house. A communication was read from property owners on South West street complaining about a broken sewer pipe and threatening to enter uit unless relief is given speedily. The matter was referred to Commissioner Newman to investigate and report.

A communication was read from a firm wishing to install steel waste paper boxes on street corners. The opinion of the council was against the proposition.

The report of Dr. A. M. King, health warden set forth the following facts: Deaths: total 46; males, 31; female, 15; deaths at insane, 19; ages under one, 3; one to five, 3; five to twenty, 2; twenty to fifty, 8; fifty to seventy, 17; over seventy, 13; contagious diseases are as follows: diphtheria, 3; small pox, 2; measles, 3; mumps, 20.

Mr. Knollenberg said he had seen a newspaper article which gave him the idea that the city cannot legally collect a poll tax unless organized into a road district. He suggested that as F. J. Heinl has given a great deal of study to the Tice law that he be invited to come before the council and explain its provisions in this regard. The council voted to attend the session next Monday.

Mr. Brennan said he had compiled the figures presented by the various pump firms and that he would recommend the purchase of a centrifugal pump from Fairbanks, Morse & Co., at $1,236. He said that this price was $101 higher than the figure of the Platt Iron Works but that the bid included erection of the pump and the payment terms of ninety days. The bids of the five firms to be considered were as follows:

Platt Iron works, $1035.
Henion & Hubbell, $1092.
Worthington Pump Co., $1120.
Fairbanks, Morse & Co., $1136.
Jacksonville Railway & Light Co., $1386.

Mr. Newman suggested that the various representatives of the companies be allowed to explain their bids and the merits of the equipment. After some debate Mayor Davis ruled that this would be the order.

L. M. Burke of the Platt Iron works said his bid was the lowest and that he had not included cost of erection because he had not been asked to do so and it did not seem fair to him to award the contract to some one else on that basis.

S. H. Leath of Fairbanks, Morse & Co., said he had nothing to add to the facts outlined in the company's written proposition.

C. L. Webb, representing the Worthington Pump Co., strongly advocated a triplex pump instead of a centrifugal and said its use would save the city $880 in current every year He complained, too, that he had no notice that bids were expected on installation cost and referred to the fact that some months ago his company made a contract with the city for a pump and that the contract had been disregarded.

Mr. Miser in explanation of his bid said that he would expect to wait for pay until the city had funds available and that whether or not he got the business that his company's engineer would be at the disposal of the city.

Mr. Knollenberg, with a second by Mr. Brennan, made a motion that the contract be awarded to Fairbanks, Morse & Co. Mr. Engel said that his opinion was that a triplex pump would be the best for the city and he was opposed to the motion.

Mayor Davis said it did not seem fair when the Platt company was the lowest bidder and had no chance to figure on installation cost, to ignore their bid and said he was not ready to vote on the proposition. He favored defering action until an adjourned meeting this afternoon at 2 o'clock. Mr. Engel, Mr. Newman and Mayor Davis voted for this proposition, Mr. Knollenberg against it and Mr. Brennan was excused from voting.

The council then adjourned.
